

Year 1 Enrichment – Ethiopian Banquet

The children in Owl class developed further understanding of life in our link country of Ethiopia this week by preparing and cooking a typical family meal. They used a variety of unusual spices to add to the vegetarian ingredients and improved their skills at cutting, grating and slicing vegetables. A wonderful aroma permeated the Enrichment room.

'We made Tikil Gomen with potatoes, onion, carrots and cabbage' – Sophia

'We chopped onions and added garlic, paprika, ginger and cardamom to lentils, it tasted nice' – Isabel and Daisy

'In Ethiopia they use their hands to tear off some injera to scoop up the spicy food. They have to feed their guests first' – Jacob

At the end of the day we joined together for our Ethiopian Feast – yummy.
